

Nueces County Coastal Parks
Open Space Master Plan

Public Survey

Purpose of the Survey: To identify the Coastal Parks and recreational needs of County residents. This information will be used in preparing a Master Plan containing park and recreational facilities during a 10-year planning period.

Background: Nueces County has been successfully obtaining grants from the Texas Parks and Wildlife Department (TPWD) and other funding entities to help construct priority parks and recreational facilities that meet a public need. Grants, such as those from the TPWD, require that Master Plans be developed to assess and address the public's needs. Nueces County has proposed an updated Master Plan that addresses all Nueces County Inland and Coastal Parks.
