Nueces County Public Works hereby authorizes _____
to construct a (Private or Commercial) _____ access driveway abutting
County Road _____. Driveway is located
approximately _____

Driveway will consist of _____ culvert (pipe or pipes) with the diameter of
culvert pipe being _____ and _____ feet long. Each end of the culvert pipe
shall have 6:1 sloped end sections being _____ feet long. Driveway culverts require 6" of
limestone coverage.

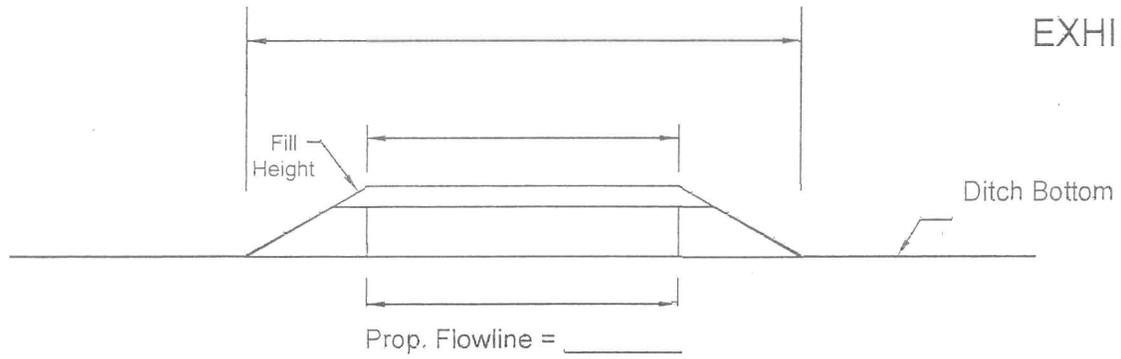

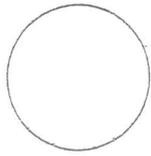

Or

Construct a _____ feet width dip driveway. Drive to be installed with 6" of limestone. Flow
line of dip driveway shall match existing ditch grade or hubs set by Public Works.

- 1) All construction of materials and installation shall be inspected by a county representative.
- 2) The permittee shall hold harmless the county, its representatives and employees against any action for personal injury or property damage.
- 3) The county reserves the right to require a new driveway permit in the event of an upgrade on the surface requiring material change, or relocation.
- 4) The permittee will contact Nueces County Public Works at (361) 888-0490 at least (24) hours prior to construction.
